Need help using your pass? [View the instructions.](#)

Keep your Fusion Pass safe — if you lose it, contact the Fusion team to have your pass reissued.

How to use your Fusion Pass

- This QR code is your one Fusion Pass — the same code works for check-in at every eligible Fusion event you're registered for, not just one.
- At the event, show this PDF (or the QR code on it) to check-in staff so they can scan you in.
- Don't generate a new pass for each event — always use this same code.
- Lost, stolen, or damaged your pass? Contact the Fusion team and ask them to reissue it — this deactivates the old code and issues you a fresh one.
